OVAL STEEL CONNECTOR

screw / triple lock

Durable all-purpose carabiner for working at heights. Particularly suitable for anchoring to structures, working with slings or pulleys. Thanks to its symmetrical oval shape, the carabiner straightens itself to the ideal position.

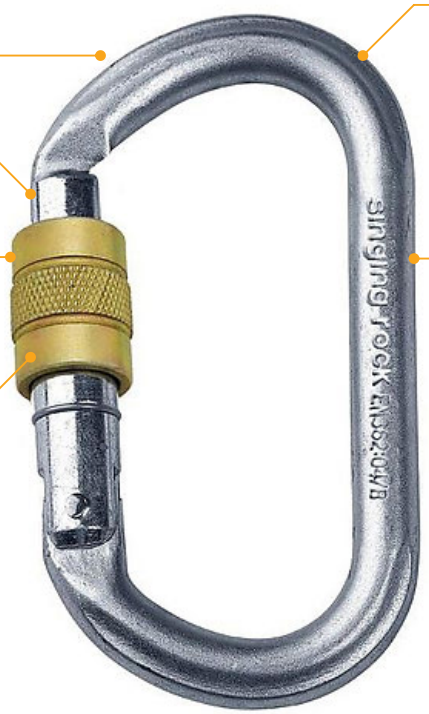
DESCRIPTION

The thin profile of the carabiner allows it to be attached to holes with low clearance.

Key-lock to prevent unwanted catching of the carabiner's hook, e.g. by loops.

Unique production number for easy record keeping at periodic inspections.

Equipped with a reliable key-lock with screw lock to prevent accidental opening.



Smooth oval shape that allows easy rotation of the carabiner.

Long lifetime thanks to the zinc coating and durable steel construction.

KEY FEATURES

- excellent ergonomics
- long lifetime

STANDARDS

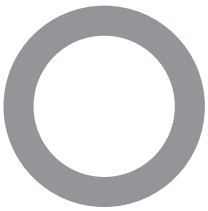
CE 1019

EN 362

FEATURES

30 kN	9 kN	8 kN	18 mm	screw = 176 g triple lock = 195 g	unique number	3 YEARS warranty

MATERIALS



100 % steel
